

A Special Invitation for You!!

About East

Big Medium's East Austin Studio Tour (East) is a free, annual, self-guided art event spanning across two weekends in November. East provides opportunities for the public to meet the local artists and artisans of Austin in their creative spaces.

This year, we celebrate the 15th edition of East! With 548 participants, the 2016 East Austin Studio Tour is the most robust in our history. This map serves as an overview of tour stops. It is intended to help tour-goers choose their own unique East experiences.

Our Host

55. Jonathan Beall – Sertodo Copper

Hammered copper, stainless steel, carbon steel, hot tin

Sertodo Copper is an international cooperative of master copper artisans with workshops in Austin, Texas and Michoacan, Mexico. In addition to our hammered copper barware and tabletop pieces, we will be introducing a few items from our new cookware line with live demonstrations.

58. Ken Arthur – guest of Sertodo Copper

Acrylic

I like to paint landscapes (acrylic) because Nature excites me—its beauty and its danger—inclement weather, snakes, sharks, glorious sunsets, deep woods. As a former architect, I enjoy problem solving and the art of construction—which painting provides.
